Subject: Growtech Jakarta 2025 Postponed to July 2026

Dear Exhibitors,

Thank you for your continued support of Growtech Jakarta.

We would like to inform you that Growtech Jakarta 2025 will be postponed and is now rescheduled to take place on 15-18 July 2026 in Surabaya, where it will be co-located with Manufacturing Surabaya, a leading industrial and manufacturing trade exhibition in the region.

This strategic move will offer greater business opportunities by connecting agriculture technology suppliers like yourself with Indonesia's expanding manufacturing and industrial markets, particularly in East Java—one of the country's most important agricultural and food-producing regions.

We remain committed to delivering a focused, high-quality event that meets your business goals, and we believe this co-location will enhance the value of your participation through increased visitor footfall, broader networking opportunities, and improved return on investment.

Our team will be reaching out to discuss next steps regarding your participation and to provide any assistance needed during this transition.

If you have any immediate questions, please don't hesitate to contact us.

Thank you for your understanding and continued partnership. We look forward to welcoming you to Growtech Indonesia 2026.

Warm regards,

PT. Pamerindo Indonesia, part of Informa Markets
